

## Registering for ChemSpider

To curate records, deposit data, or use our web services on ChemSpider, or to submit procedures to ChemSpider Synthetic Pages, you will need an RSC ID and a linked ChemSpider account. For more information on how to register for an RSC ID, please view the [RSC ID FAQ](#).

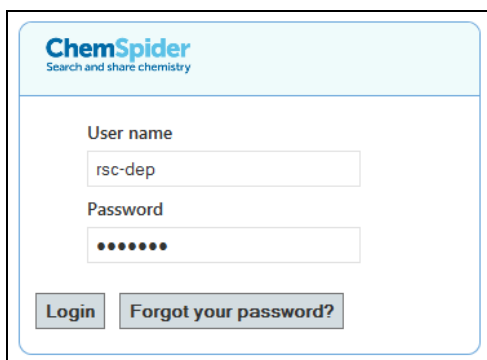

## Linking your RSC ID and ChemSpider Account

When you are logged in to your RSC ID and you come to ChemSpider or ChemSpider Synthetic Pages, you will be asked to allow the site to access your RSC ID.

Once you have authorised this, you will be asked if you already have a ChemSpider account. **If you need to register a new account, click “No” and a new ChemSpider account will be created for you.**

If you already have an account, click “Yes”. You will be directed to a login screen.

The screenshot shows the ChemSpider login page. At the top left is the ChemSpider logo and the tagline 'Search and share chemistry'. Below this are two input fields: 'User name' with the text 'rsc-dep' and 'Password' with a masked password of seven dots. At the bottom left are two buttons: 'Login' and 'Forgot your password?'.

Fill in your ChemSpider user name and password, and click “Login”. Then on the next screen click “Next” to confirm. Your ChemSpider account is now linked to your RSC ID.

Congratulations! Your accounts have been connected successfully! You can start to use RSC ID to log in to your ChemSpider account.

User ID	cca41fce-aa7e-45e9-a25d-c3182ad9dcc8
Email	rscchemspider02@rsc.org
Display Name	Test User
